

Coated Aluminum Sheet | PE/PVDF | HAOMEI

Haomei [coated aluminium sheets](#) are color coated with first class PE/PVDF flexible paint system. PE/PVDF painting has excellent weathering properties, colour-fastness and UV resistance and is the most commonly selected finish for construction, giving long life and a virtually unlimited range of colors.

These aluminium coated sheets can be punched, guillotined and bent using standard machinery to provide a finished product. All color coated aluminum sheets have a UV resistant film with directional arrows applied to the painted surface to protect the finish during fabrication and installation. Our stock range consists of the most commonly used sizes and gauges and we can offer bespoke sizes, colors and thickness subject to order details.

Product Introduction of PE/PVDF coated aluminium sheet

ITEMS	ALLOY	TEMPER	THICKNESS (mm)	WIDTH (mm)	LENGTH (mm)
1 xxx	1050 1060 1100				
3 xxx	3003 3004	O,H12,H22,H14,H24,H16, H26,H18	0.05-10	100-1700	200-1900
5 xxx	5052				

Alloy : 1050 1060 1100 3003 3004 5052

Min Order Quantity: 1-2 tons

Payment Terms: T/T or L/C or others

Delivery Time: about 25-30 days

Port: any port in China

Temper:O,H12,H22,H14,H24,H16,H26,H18

Thickness:Roll Coating 0.05-3.0mm, Plate Coating up to 10mm

Width:2200mm max

Color: white, red, blue, green, black, yellow, wooded, gold,Metallic, Solid, RAL or by customer requirements.

Protective film: PVC film, Colorless transparent or White-black

Appearance quality of Color Coated Aluminum sheet or Coil :

- ◆ Coated Aluminum surface is very flat
- ◆ Color coated aluminum sheet coil surface is clean, with no corrosion freckled, grease stains, wrinkling, slotting, scratching, light or dark line, glue or roller vestige, vibration marks and

diagonal.

- ◆ Finished color coated aluminium has no color difference.
- ◆ Surface wrinkle situation fit to state standard.

Coated Aluminum sheet Coil Applications

- 1) Energy-saving aluminum curtain wall insulation board
- 2) Aluminium composite panels
- 3) Vol colour coated aluminum
- 4) Coated aluminum volume
- 5) Roll-coated aluminum volume
- 6) Pre-coated aluminum sheet roll
- 7) Paint aluminum volume
- 8) Aluminium veneer
- 9) Aluminum honeycomb panels
